

New for the 2014-2015 Skating Season

Volunteer Hours Program

This year we will introduce our volunteer hour's program. This program is applicable for all skaters from junior level and up. Our Committees and the Board of Directors are all dedicated members who volunteer their time. Over the past few years the number of events and programs we support has grown. We host these events to raise funds for the club, which help help control our costs benefiting everyone.

We are asking *each skater's parents to complete 8 hours of mandatory volunteer work.*

(Families that have more than one skater – will only need to complete 8 hours total)

A tracking sheet was provided to each family at registration and is also available on our Website. Every time you volunteer at TBFSC you are responsible to have it signed by a board member that is assigned to the event or task you are assisting with.

An ice subsidy fee will apply if parents choose not to participate in the volunteer program.

For all starskate levels a choice *of 8 hours or \$200*

The ice subsidy fee will be added to your membership fee and will be taken at registration. Once you have completed your volunteer hours and handed in your tracking sheet you will be reimbursed the \$200.00.

There are many events throughout the year where we are looking for assistance. A few examples of ways to earn hours are:

Fundraising events

Club Competition

Ice Show

Hospitality Committee

Club wear

Christmas Mini comp

Sponsorship

Bingos

Assist Board of Directors with various functions

We greatly appreciate the contributions of our many volunteers who already give of their time.

However, this program is meant to encourage the involvement of all of our parents and we are looking for 100% participation. We look forward to meeting new parent volunteers, and are sure you will find it rewarding as you also meet new families within our Club.

Volunteer Hours

Hours must be completed by ADULT family members. Volunteer hours contributed by skaters, do not count towards the total hours needed for the volunteer program.
